

Beyond the Mind

A New Way to Live

Sonika Cottman

Author | Speaker | Awareness Guide | HR Leader

Guiding people and organizations beyond the mind to transform how they live, work, and lead.

Sonika Cottman is an author, speaker, Awareness Guide, and Human Resources leader with more than 20 years of experience. Blending her leadership background with the transformative power of awareness, she helps people recognize the unconscious patterns that shape how they live, work and lead. As the author of *Formless* and founder of *Eyes Closed*, Sonika inspires people to create lasting change, not by doing more, but by becoming more aware.

You may not realize it, but much of your life is lived from the outside in. Your circumstances, achievements, workplace pressures, and the constant activity of the mind shape how you think, feel, and show up each day.

In this inspiring keynote, Sonika shares how cultivating awareness helps you break free from unconscious patterns, reclaim your inner state, and live with greater clarity, resilience, and purpose. As your awareness grows, so does your capacity to transform how you work, lead, and connect with others.

SPEAKING TOPICS

1

The Invisible Prison

Recognize the unconscious thoughts, beliefs, and conditioning that keep you living from the outside in.

2

The Shift

Discover how awareness creates the space to respond instead of react, reclaiming your inner state.

3

Living Beyond the Mind

Experience a new way to live from the inside out, with greater clarity, resilience, and purpose.

KEY TAKEAWAYS

- Know Yourself Beyond the Mind
- Live from the Inside Out
- Awaken to Awareness
